Dear Visitors,

One of the things we have loved most about living in Sunset Pointe is the wonderful sense of community and the friendships we have made along the way. Our neighborhood is known for its close-knit, family-friendly atmosphere, with plenty of children playing, neighbors walking, dog walkers, and runners enjoying the beautiful surroundings.

Throughout the year, neighbors come together for fun community traditions and celebrations, including a Fourth of July gathering complete with food, games, and all the sparkle that comes with that holiday!

The Christmas season is especially magical, with Santa himself making his way through the neighborhood on a firetruck! A festive Christmas breakfast for residents is always on the calendar, and a cookie exchange takes place, where everyone brings their favorite homemade treats to share.

Sunset Pointe also offers wonderful outdoor amenities and opportunities to enjoy the neighborhood. There is a charming neighborhood pond and a walking bridge that connects to a neighboring subdivision, making it easy to get out and enjoy a stroll. Several homeowners also have backyard pools, adding to the fun and relaxed summer atmosphere for both kids and adults.

For those who love the outdoors, the Holly Springs Greenway is just about one mile away, and Bass Lake's beautiful natural trails are approximately three miles away. More than just a place to live, Sunset Pointe is a community where neighbors become friends, families make memories, and there is always a welcoming sense of belonging. It is truly one of the things we will miss most about calling this neighborhood home.

Sincerely,

Al and Roxanne
