

Service Availability

Synergy - Cannady Mill Farm

February 19, 2024

Charter Communications has reviewed the availability of residential phone, video and data services for the proposed residential subdivision to be located near 3147 Cannady Mill Rd, Franklinton, NC 27525. We do have infrastructure in close proximity to this property and will make service available in accordance with all applicable franchise requirements/service agreements with Charter Communications.

If the project is a commercial property or multi-family dwelling, it will be necessary for the owner to enter into a service agreement to allow Charter Communications access to the property. There is currently no impediment (*limited capacity, moratorium, outstanding assessment, etc.*) to issuance of necessary permits.

Charter Spectrum is not aware of any unresolved conflicts associated with any proposed site improvements or any of our lines in the area. However, should development of the above referenced property require relocation of Charter infrastructure, the costs of said relocations may be required by the property owner.

Thank you,

Jimmy Tyer
Business Development Specialist

By accepting this agreement, you acknowledge, understand and accept the following:

1. This agreement has been prepared at your request by Charter Communications and is subject to change without notice.
2. This document is for information and illustrative purposes only. It is not, and should not be regarded "recommendation" regarding a course of action and expires after one year.
