BRYANT RED SHIELD WARRANTY

Select Evolution™ System products come with the 10-year Bryant Red Shield Unit Replacement Limited Warranty if registered within 90 days of installation. Should a major component like the compressor, evaporator coil or heat exchanger fail due to defect during this applicable time-period, a one-time replacement with a comparable Bryant unit will be provided. The unit replacement warranty will default to a five-year unit replacement limited warranty if registration is not completed within 90 days of installation.¹

WARRANTY INFORMATION

[↑ Back To Top](#)

Warranty	Definition	Requirement ²	Potential Dealer Charges
Enhanced Parts Warranty ³	Extended warranty coverage contingent on registration of the product within 90 days of installation and only applies to the original homeowner. Potential installing dealer charges may include: labor, warranty processing fees, service call charges, etc.	Requires registration within 90 days after installation, only applies to original homeowner (any subsequent owner would receive 5-year warranty only)	Labor Charge, Warranty Processing Fees, Service Call Charge, etc.
Standard Parts Warranty	Coverage for the equipment is included at time of purchase. Potential installing dealer charges may include: labor, warranty processing fees, service call charges, etc.	Included with purchase, applies to equipment	Labor Charge, Warranty Processing Fees, Service Call Charge, etc.

ADDITIONAL WARRANTY COVERAGE

The terms and coverage details of your warranty are specific to the Bryant product models you own. Typically, Bryant products, if registered within 90 days, come with a 10-year standard parts limited warranty; otherwise 5 years⁴. Depending on your model, certain components within the system may have different standard warranty periods. Additionally, Bryant dealers can also offer optional labor warranties to further protect your investment. Even with the standard parts warranty, repair labor bills can range from \$100 to \$1000 or more.

To learn the exact details of your warranty, refer to the product documentation that came with your product. If your model is listed on our website, the documentation may be available for download. Or, if you are unable to find your documentation, you can always contact your local experienced Bryant dealer for assistance in determining your warranty coverage. At the time of purchase, you may also have also been offered additional warranty coverage provided by your Bryant dealer, but not underwritten by Bryant Heating & Cooling. If you have additional coverage through your dealer, please contact him or her directly for assistance with the warranty.

* The information above is intended to be used as a guide to confirm the warranty coverage for the serial number you enter. Every attempt has been made to confirm its accuracy. At times, the information may not be readily available. We strongly recommend that you refer to the Warranty Certificate that was provided with your equipment for complete details. Pay close attention to the Warranty Conditions and the Limitations of Warranties sections detailed on the certificate. Results only display general parts warranties. There may be other specific warranties tied to your record that may differ in length. For residents of California or Quebec the term of your warranty may be enhanced with additional coverage. Please refer to the latest Warranty Certificate. If you do not have your Warranty Certificate, please contact [your installing dealer](#). ↩
