Here is the quote application you requested. This would be for the Church St address. This parcel will require an application and there will be a \$75 non-refundable application fee for this parcel.

Once the application(s) is completed and we have received payment, we will submit it to our Water/Sewer Superintendent for review.

For the 501 Raleigh St. there currently is no meter so a new one would have to be set. The cost for this is 750.00 for the meter and 225.00 for set up and deposit.

I am including an application for this as well. If you are putting this in a business name we would need an EIN tax ID number , drivers license.

Thank you,

Jennifer Popp
