

Community Amenities

At the heart of our Resort Community is a 345-acre lake with boating, fishing, swimming and water sports, but that's just the beginning. Within the community are a variety of amenities for the private use of community members and their guests: a community swimming pool, tennis court, basketball court, a lakeside clubhouse for meetings and community events, an open-air Pavilion for gatherings, two beaches, multiple docks, boat launches, a campground suitable for large RV's or motor homes, parks, playgrounds, acres of wooded areas and a golf course.
