

UPGRADES

SINCE JULY 2024
104 BLUE FINCH CT.

T E C H N O L O G Y

We upgraded the home with a Ubiquiti Dream Wall system, ceiling-mounted Wi-Fi antennas on both floors for strong whole-home coverage, and HDMI wiring to the family room. It's pre-wired for 6.1 surround sound with new ceiling speakers in the family room and screened porch. We also added Ubiquiti security cameras and a smart video doorbell for modern, reliable security appeal.

I N T E R I O R

New flooring on entire upstairs including LVP flooring in the hallway and bonus room and upscale carpet in the 2 bedrooms. In the garage, we completed a professional epoxy'd floor painted cinder block, and stained stairs. In Scullery/Butlers Pantry - we added wallpaper and a new wine refrigerator

E X T E R I O R

Decking in screened in porch and separate deck and railings have been restained. Hardscape walkway and planter box added off right deck, heavy landscaped to the left of deck, SunDeck treatment on patio, fresh mulch, professionally maintained lawn, gutter guards installed and landscape lighting throughout front and back yard
