Good afternoon!

I received the request for 222 Sagamore Dr. This one was tough! I had to pull the tax records to try and verify. From what I can tell, this looks like it may be what you are looking for. It does not state a parcel# or address. It does give me a PIN# but it is not matching. The lot #'s seem to be correct though. If you look at the layout (hand drawing), it states that the lot numbers are 530&531. That is correct according to the tax record. I am going to send the record, but I am unsure as to whether this is the correct permits. I am sorry that I could not be more definitive on this one. Just look over it carefully. This is the only record that I had available that is even close. Thank you!
