Kendall Jones  
765 Townsville Landing Road  
Henderson, NC 27537

In accordance with your request a Septic Open Tank Inspection and Pump was conducted on **11/21/2025** at the above captioned property. The following is a summary of the inspector's findings.

| SEPTIC SYSTEM                                                  |                                                                                                    |
|----------------------------------------------------------------|----------------------------------------------------------------------------------------------------|
| Septic Tank(s)                                                 | The inlet piping at the septic tank is not properly sealed and allowing water entry into the tank. |
| Corrective action:                                             | Contractor to correct the inlet piping seal.                                                       |
| Water Level                                                    | Acceptable                                                                                         |
| Sludge Level                                                   | Acceptable                                                                                         |
| Inlet Tee                                                      | Acceptable                                                                                         |
| Outlet Tee                                                     | Acceptable                                                                                         |
| Baffle Wall                                                    | Acceptable                                                                                         |
| Septic Tank Lid                                                | Acceptable                                                                                         |
| Drainage Area                                                  | Acceptable                                                                                         |
| Septic Tank(s) Pumped                                          | Yes                                                                                                |
| Is the system/drainage area adequate for the size of the home? | Yes                                                                                                |
| SYSTEM FUNCTION                                                |                                                                                                    |
| Septic System Function                                         | Functional with concern – see above                                                                |

If you should have any questions, please do not hesitate to contact me.

Sincerely,

Frank Wasniewski Jr.
