Re: Engineering Plans and Specifications Approval
Distribution Extension
E. Jewett Avenue Subdivision – Phase 2 and 3
Town of Bunn
Water System No.: NC0235025
Franklin County
Serial No.: 25-00287

Dear Applicant:

Enclosed please find one copy of the "Application for Approval..." together with one copy of the referenced engineering plans and specifications bearing the Division of Water Resources stamp of approval for the referenced project. These engineering plans and specifications are approved under Division of Water Resources Serial Number, 25-00287 dated May 8, 2025.

Engineering plans and specifications prepared by J. Michael Stocks, P.E. call for the installation of approximately 1,270 linear feet of 6-inch water main, 1220 linear feet of 8-inch water main, fire hydrants, valves, and associated appurtenances along Street B, Street C, Street D, and Street E, connecting to the existing 8-inch water main along E. Jewett Avenue in Bunn, Franklin County. The proposed 6-inch water main along Street B will connect to the existing 8-inch water main along E. Jewett Avenue, and the proposed 8-inch water main along Street C will connect to the existing 8-inch water main along E. Jewett Avenue. Phase Two will consist of approximately 760 linear feet of 6-inch main along Street B serving lots 1-20, and Phase Three will consist of approximately 510 linear feet of 6-inch water main and 1220 feet of 8-inch water main along Street C, Street D, and Street E serving lots 21 through 58.

Please note that in accordance with 15A NCAC 18C .0309(a), no construction, alteration, or expansion of a water system shall be placed into service or made available for human consumption until the Public Water Supply Section has issued Final Approval. Final Approval will be issued and mailed to the applicant upon receipt of both an Engineer's Certification and an Applicant's Certification submitted in accordance with 15A NCAC 18C .0303 (a) and (c).

These plans and specifications in the foregoing application are approved insofar as the protection of public health is concerned as provided in the rules, standards and criteria adopted under the authority of Chapter 130A-317 of the General Statutes. This approval does not constitute a warranty of the design, construction or future operation of the water system.

One copy of the "Application for Approval..." and a copy of the plans and specifications with a seal of approval from the department are enclosed. One copy of the approved documents in a digital format (CD) is being forwarded to our Asheville Regional Office. The second copy of the CD is being retained in our office.

If the Public Water Supply Section can be of further service, please call (919) 707-9100.

Sincerely,

Rebecca Sadosky, Ph.D., Chief
Public Water Supply Section
Division of Water Resources

Re: **Authorization to Construct (This is not a Final Approval)**

Issue Date: May 08, 2025

E. JEWETT AVE. SUBDIVISION -PH 2&3

Serial No.: 25-00287

Water System No.: NC0235025

Franklin County

Dear Applicant:

This letter is to confirm that a complete Engineer's Report and a Water System Management Plan have been received, and that engineering plans and specifications have been approved by the Department for **E. JEWETT AVE. SUBDIVISION -PH 2&3, Serial No.: 25-00287**.

The "Authorization to Construct" is valid for 36 months from the issue date. Authorization to construct may be extended if the Rules Governing Public Water Systems [15A NCAC 18C] and site conditions have not changed (see Rule .0305). The "Authorization to Construct" and the engineering plans and specifications approval letter shall be posted at the primary entrance of the job site before and during construction.

Upon completion of the construction or modification, and **prior to placing the new construction or modification into service**, the applicant must submit an Engineer's Certification and Applicant's Certification to the Public Water Supply Section.

- **Engineer's Certification:** in accordance with Rule .0303(a), the applicant shall submit a certification statement signed and sealed by a registered professional engineer stating that construction was completed in accordance with approved engineering plans and specifications, including any provisions stipulated in the Department's engineering plan and specification approval letter.
- **Applicant's Certification:** in accordance with Rule .0303(c), the applicant shall submit a signed certification statement indicating that the requirements for an Operation and Maintenance Plan and Emergency Management Plan have been satisfied in accordance with Rule .0307(d) and (e) and that the system has a certified operator in accordance with Rule .1300. The "Applicant's Certification" form is available at <http://www.ncwater.org/> (click on Public Water Supply Section, Plan Review, Plan Review Forms).

Certifications can be sent by mail or attachment to an e-mail message to **PWSSection.PlanReview@deq.nc.gov**.

If this "Authorization to Construct" is for a new public water system, the owner must submit a completed **application for an Operating Permit** and the appropriate fee. For a copy of the application for an Operating Permit please call (919) 707-9076.

Once the certifications and permit application and fee (if applicable) are received and determined adequate, the Department will issue a Final Approval letter to the applicant. In accordance with Rule .0309(a), **no portion of this project shall be placed into service until the Department has issued Final Approval**.

Please contact us at (919) 707-9100 if you have any questions or need additional information.

Sincerely,

Rebecca Sadosky, Ph.D., Chief
Public Water Supply Section
Division of Water Resources, NCDEQ
