The applicant shall notify the Environmental Health Department upon submittal of this application if any of the following apply to the property/site in question. If this answer is "Yes" the applicant must attach supporting documentation and/or show their location on the plot/site plan.

Does the site contain any jurisdictional wetlands? No

Does the site contain, or have within 100 feet, any existing wells and/or septic systems? No

Is any wastewater going to be generate other than domestic sewage? No

Is the site subject to approval by an other public agency? No

Are there any easements or right-of-ways on this site? No

Are there any underground utilities on the site? No

IF THE INFORMATION IN THE APPLICATION FOR A SEPTIC PERMIT IS FALSIFIED, CHANGED, OR THE STIE IS ALETERED, THEN ANY RELATED PERMITS AND CONSTRUCTION AUTHORIZATIONS SHALL BECOME INVALID. This application is valid for one year from the date of application payment. The well permit is valid for five years from the date of improvement permit issuance, or without expiration when requested and proper documentation submittal. The applicant is responsible for the proper identification and labeling of all property lines, existing utilities (including septic), and desired features on site, as well as making the site accessible for a site evaluation. Authorized county and state officials are granted right of

entry to conduct necessary inspections to determine compliance with applicable laws and rules. Permit issuance in no way guarantees an acceptable quantity of quality of water the well will produce. By signing below, the applicant attest he/she is the property owner or has been granted permission to be the property owner's legal representative for the purposes of obtaining a well permit for the referenced property.
