RSP has 2 financing options through Wells Fargo please ask your salesperson for details.

****ALL liners MUST be installed upon arrival.**

****Does NOT include water to fill or chemicals to rebalance the pool after liner job**

1) This quote/order is not a guarantee of price until we are able to confirm the pool size, step/bench, features, & depth/style of the pool has been made by measuring (may be necessary to cut the existing liner to measure properly) or original file being pulled - if you are contracted for an amount based on the information you provide or an estimate for an unknown size and the size or step style is different the quote/price will be subject to change. Price is also subject to change if there is a price change from the Manufacturer.

2) Your quote includes draining your pool (within a 30 mile radius), removing & discarding your old liner, scraping & painting over any rust spots on walls, patching the pool bottom using up to 8 bags of premix, replacing gaskets, screws and white replacement goods such as the faceplates on all skimmers, main drains & return fittings. Your quote includes an extended 5 year warranty unless otherwise noted and all labor.

3) We will be happy to go over services that we recommend being done at the time of your vinyl liner replacement such as placing liner lock around the perimeter of the pool, wall foam, adding a second main drain, pressure testing lines, sand changes, salt system/chlorine addition and conversion, automation, coping or stair renovation. These items are NOT included in your quote or contract unless specifically noted.

4) By presenting this card (if credit card is being used) for payment of the deposit or to open an account, you expressly authorize and permit Rising Sun Pools, in it's discretion, to charge this credit card or any other credit cards on file for this account if it's balance due is not paid within 30 days of the invoice due date (not statement date).

This quote is valid for ONE trip.

Pools must be CLEAN and CLEAR or leak detection can't be performed and you will be charged a service fee (\$345) along with the FULL leak detection fee to return to the property at a later date.

Additional Charges: Deck jets \$150 Slides, Bubblers, waterfalls \$75/each Spillover Spa \$415 Vanishing Edge \$415 Swim Jet/Badu \$275 Floor Returns \$415

****You must notify us of any continuing leaks or problems related to your leak detection service within 7 days or you may be subject to an additional dive fees.**

****REPAIRS such as patching & epoxying items have NO WARRANTY (we cannot guarantee that all holes will be patched on the first visit, additional fees will apply if a revisit or repatch is needed)**

SCOPE OF WORK

Vinyl Liner Pool Renovation

Rising Sun Pools shall provide all labor, materials, equipment, and supervision necessary to complete the following work:

Pool Preparation

- * Drain swimming pool.
- * Remove and dispose of existing vinyl liner.
- * Remove debris and thoroughly clean pool interior.
- * Pressure test accessible underground plumbing lines to identify leaks.
- * Provide findings of leak test to Owner.

Pool Restoration

- * Rebuild and reshape existing pool floor as required.
- * Install new wall foam on pool walls.
- * Prepare pool floor and wall surfaces for liner installation.
- * Inspect pool structure for liner readiness.

New Vinyl Liner Installation

- * Furnish and install one new custom-fit vinyl liner.
- * Vacuum set liner and install in accordance with manufacturer specifications.
- * Reinstall existing skimmer, return, main drain faceplates, and fittings where serviceable.
- * Replace gaskets and hardware required for proper liner installation.

Equipment Pad Renovation

- * Remove existing above-ground plumbing.
- * Furnish and install new 2" Schedule 40 PVC plumbing throughout the equipment pad.
- * Furnish and install new Hayward 2-way PVC valves.
- * Furnish and install new variable-speed pool pump.
- * Furnish and install new sand filter.
- * Furnish and install new inline chlorine feeder.
- * Install new water bond fitting.
- * Install new sacrificial anode.
- * Replumb and reconnect all equipment.
- * Pressure test and verify proper operation of all installed plumbing and equipment.

Startup and Completion

- * Start circulation system.
- * Verify proper operation of filtration and circulation equipment.
- * Check all plumbing connections for leaks.
- * Provide Owner with basic equipment operation instructions.
- * Perform final cleanup of work area.

Customer Responsibilities

- * Provide water required to refill the swimming pool.
- * Maintain proper water level during liner installation.
- * Provide clear access to pool and equipment areas.
- * Maintain proper water chemistry after startup.

Exclusions

Unless specifically stated otherwise, the following are not included:

- * Underground plumbing leak repairs discovered during pressure testing.
- * Excavation and replacement of underground plumbing.
- * Skimmer replacement.
- * Main drain replacement.
- * Structural wall replacement.
- * Rusted wall panel replacement.
- * Coping replacement or repair.
- * Concrete, decking, fencing, landscaping, or drainage repairs.
- * Electrical work, bonding corrections, rewiring, or electrical upgrades.
- * Gas line work.
- * Heater installation or repair.
- * Salt system installation.
- * Automation system installation.
- * Permit fees, inspections, surveys, or engineering services.
- * Water delivery or pool fill water.
- * Groundwater removal or dewatering.

5608 Hillsborough St, Raleigh, NC 27606, (919) 851-9700, Fax: (919) 859-1529

Material Selection and Pricing Disclaimer

This proposal is based on the liner pattern, equipment package, plumbing materials, and product selections identified at the time of quotation.

The quoted price includes the specified vinyl liner, variable-speed pump, sand filter, chlorine feeder, valves, plumbing materials, and associated installation labor as outlined in this Scope of Work.

Should the Owner elect to change or upgrade any materials, equipment, liner pattern, liner thickness, plumbing components, sanitization systems, fittings, valves, or other products after acceptance of this proposal, additional charges may apply. Any changes shall be documented and approved through a written change order prior to installation.

Pricing is based upon current manufacturer and supplier pricing. Due to fluctuations in material costs, freight charges, product availability, and manufacturer pricing, this proposal is valid for thirty (30) days from the date issued unless otherwise stated in writing.

If selected materials become unavailable due to manufacturer discontinuation, backorder, supply chain delays, or other circumstances beyond Contractor's control, Contractor reserves the right to provide equivalent materials or equipment, subject to Owner approval and any applicable price adjustment.

Quoted price is based upon the selected liner pattern and specified equipment package. Changes to liner pattern, liner thickness, equipment model, brand selection, or material specifications may result in additional costs.

Leak Testing Disclaimer

Pressure testing is intended to identify the presence of plumbing leaks. This proposal includes testing only. Location, excavation, repair, and replacement of underground plumbing are not included unless specifically stated in writing and may require additional charges.

Unforeseen Conditions

This proposal is based upon visible conditions at the time of inspection. Hidden or unforeseen conditions including underground plumbing failures, deteriorated wall panels, groundwater intrusion, washouts, voids beneath the pool floor, structural damage, code deficiencies, or unsuitable soil conditions are not included and may require additional work at additional cost.

Any repairs required due to unforeseen conditions shall be addressed through a written change order and may affect pricing and schedule.

Existing Structure Disclaimer

Contractor is not responsible for pre-existing conditions affecting the pool, pool walls, plumbing, skimmers, decking, electrical systems, bonding systems, or surrounding structures that were not visible prior to commencement of work.

Electrical and Bonding Disclaimer

Existing electrical service and bonding systems are assumed to be functional and code compliant. Any deficiencies discovered during installation that require correction shall be considered additional work and billed separately.

Groundwater Disclaimer

Contractor is not responsible for delays, damage, liner issues, floor movement, wall movement, or additional work resulting from groundwater, hydrostatic pressure, excessive rainfall, or subsurface water conditions.

Warranty

New liner and equipment shall carry applicable manufacturer warranties. Contractor workmanship warranty shall be provided in accordance with Rising Sun Pools' current warranty policy.

Warranty does not cover:

- * Groundwater-related damage.
- * Chemical damage.
- * Improper water chemistry.
- * Customer abuse or neglect.
- * Acts of nature.
- * Settlement or movement of existing pool structures.
- * Damage resulting from improper maintenance or operation.

Estimated Timeline

Project duration is estimated at _____ to _____ working days following material delivery, pool drainage, and favorable weather conditions.

Contractor shall not be responsible for delays caused by weather, material availability, manufacturer backorders, utility conflicts, permit delays, or unforeseen site conditions.

Payment Schedule

- * 50% Deposit Due Upon Acceptance of Proposal
- * 40% Due Upon Material Delivery and Commencement of Work
- * 10% Due Upon Substantial Completion

5608 Hillsborough St, Raleigh, NC 27606, (919) 851-9700, Fax: (919) 859-1529

Final payment is due upon completion of installation and startup regardless of final water clarity or customer filling schedule.

Change Orders

Any work requested by Owner or required due to unforeseen conditions beyond the scope outlined herein shall require a written change order and may result in additional charges and schedule extensions.

Terms And Conditions

Terms are net 30 days on all accounts. Balance is due within 30 days of the INVOICE date (not statement date). All past due balances will incur a 1.5% finance charge (18% APR).

We require a credit card on file in case of default. If the invoice has not been paid by any other means, the card on file will be run 30 days after invoice due date. By giving us your credit card number and expiration date, you are approving the payment and cannot dispute the charge.

Visit the online payment portal to pay invoices and deposits @ risingsunpools.com.

Payment arrangement requests must be made in writing, please email requests to Cheri@risingsunpools.com or Valerie@risingsunpools.com.

Call the Main Hillsborough Street location (919)851-9700 for service (x224 or 225), billing (Cheri x251), for payments (Valerie x244) & retail questions (x0). You may also call our N. Raleigh location (919) 532-7786 or Garner location (919) 772-6111 with chemistry, sales or retail questions.
