Site Plan with Condo & Townhouse Layouts

The condos have 10 different floor plans across three building configurations. Building 1 & 4 are identical with eight condos per floor. Building 2 & 3 are identical with five condos per floor. Building 5 is unique with three condos per floor. The layouts are identical in the "stack", that is floors 1, 2 and 3 have the same layout in all buildings. There is a ground floor gated garage with two assigned parking spaces per condo.
