The level of maintenance the Association shall provide shall be in the sole discretion of the Board.

(b) If individual irrigation systems are installed to serve the Service Lots individually, the Association may set the times at which such irrigation systems will water a Service Lot's landscaping, the duration of such watering and may control an Owner's use of such

(b) The total amount of the estimated funds required from assessments to fund the Lawn Maintenance set forth in the budget adopted by the Service Lot Committee shall be assessed against each Service Lot, except for those Service Lots owned by the Declarant, as an assessment and shall be collected on a yearly, semiannually, quarterly, or monthly basis as determined by the Board. The assessment shall be a lien against each Service Lot. Any amount accumulated in excess of the amount required for actual expenses may, at the discretion of the Board, be placed in reserve accounts, or be placed in a special account to be expended solely for the general welfare of the Service Lot Owners. Any net shortage may be assessed promptly against the Service Lot Owners and shall be payable either: (1) in full with payment of the next assessment due; or (2) in not more than three (3) equal monthly installments, as the Board may determine. system, all without incurring any cost for water or other utility charge. Repair and replacement of irrigation systems shall be the responsibility of the Service Lot Owners.

(c) If an Owner installs any landscaping improvements on his or her Service Lot (such improvement must be approved by the Architectural Committee), including but not limited to vegetation, hardscape, and irrigation systems, then the maintenance, repair, and replacement of such improvements shall be the sole responsibility of such Owner.

3. **Access Easement.** The Association, and its successors and assigns, shall at all times have the right of access over and upon any Service Lot for the purpose of Lawn Maintenance and each Service Lot Owner shall accept title to his or her Service Lot subject to such right of access.

4. **Determination of Service Lot Expenses and Service Lot Assessments.**

(a) At least thirty (30) days before the beginning of each fiscal year, the Service Lot Committee shall adopt a budget containing an estimate of the total amount considered necessary to pay for the Lawn Maintenance. Such budget may also include such reasonable amounts as the Service Lot Committee considers necessary to provide working capital, a general operating reserve and reserves for contingencies and replacements. At least thirty (30) days before the beginning of each fiscal year, the Service Lot Committee shall send to each Service Lot Owner a copy of the budget in a reasonably itemized form which sets forth the amount of the Service Lot Expenses and any special assessment payable by each Service Lot. Such budget shall constitute the basis for determining each Service Lot's assessment for the Service Lot Expenses. Any budget increasing assessments by less than twelve percent (12%) is ratified unless ninety percent (90%) of the total vote of Service Lot Owners vote to reject the budget at a duly called meeting of the Association. Any budget increasing assessments in excess of twelve percent (12%) must be approved by an affirmative vote of two-thirds (2/3) of the Service Lot Owners who are voting in person or by proxy, at an Association meeting duly called for such purpose.

(b) The total amount of the estimated funds required from assessments to fund the Lawn Maintenance set forth in the budget adopted by the Service Lot Committee shall be assessed against each Service Lot, except for those Service Lots owned by the Declarant, as an assessment and shall be collected on a yearly, semiannually, quarterly, or monthly basis as determined by the Board. The assessment shall be a lien against each Service Lot. Any amount accumulated in excess of the amount required for actual expenses may, at the discretion of the Board, be placed in reserve accounts, or be placed in a special account to be expended solely for the general welfare of the Service Lot Owners. Any net shortage may be assessed promptly against the Service Lot Owners and shall be payable either: (1) in full with payment of the next assessment due; or (2) in not more than three (3) equal monthly installments, as the Board may determine. The Board may adjust such special assessment with the consent of two-thirds (2/3) the Service Lot Owners.

(c) The Board shall levy a special assessment during any calendar year for the purpose of defraying, in whole or in part, the cost of any construction, reconstruction, repair or replacement of any capital improvement related to the Lawn Maintenance, including fixtures and

personal property; provided, however, that any such special assessment must be approved by the vote of at least sixty-seven percent (67%) of the votes entitled to be cast by the owners of the Service Lots.

(d) The Board may build up and maintain reasonable reserves for working capital, operations (including losses due to insurance deductibles), contingencies and replacements associated with the services provided within the Service Lot Committee.

5. **Controlling Terms.** All defined terms used in this Supplemental Declaration that are not specifically defined herein shall have the meaning given to such terms in the Declaration.
