If you experience difficulties during the service process, you can contact the Service Provider or contact us directly for assistance.

You are responsible for paying a **Trade Call Fee**. The Trade Call Fee is due for each dispatched Service Request by trade (plumbing, electrical, appliance, heating/air conditioning, etc.). The Trade Call Fee is due at the time of Service Request. The work performed by our Service Providers is guaranteed for 30 days. The Trade Call Fee is due whether service is covered or denied. A Trade Call Fee may be due if you fail to be present at the scheduled appointment time, if you cancel your request once the Service Provider is en route to your home, or you request a second opinion of the Service Provider's diagnosis. Failure to pay the Trade Call Fee may result in suspension of coverage until the proper fee is paid. At that time, coverage will be reinstated, but the Plan Term will not be extended. We will not respond to a new Service Request until all previous Trade Call Fees are paid.

Our extensive network of **Service Providers** deliver reputable and unbiased service at fair and reasonable rates. Our network, however, is not all inclusive for every trade in every town nationwide. In cases where we do not have a Service Provider available in your area at the time of the Service Request, we may request or authorize you to make direct contact with a contractor who is not one of our Service Providers to obtain service.

We may authorize contractors or technicians who are not one of our Service Providers to diagnose or perform service, subject to the following:

- 1) Once the contractor or technician is at your home, and prior to any services being rendered, the technician must call our Authorization Department at 800.858.4488 with the diagnosis and a breakdown of services required (including parts and labor). Covered repairs or replacements will be authorized if work can be completed at an agreed upon rate. If we do not agree with the bid provided by the contractor or technician, we reserve the right to request a second opinion or, if you prefer, we may authorize the repair and reimburse you our cost, which may be less than the amount actually charged by the contractor or technician.
- 2) We will provide an Authorization Number for the covered services and dollar amount we have authorized. Failure to contact us as outlined may result in denial of coverage.
- 3) Upon completion of the authorized services, the Contractor must provide you with an itemized invoice for the authorized charges.
- 4) You must submit the itemized invoice, including the Authorization Number provided by us, for reimbursement. If you do not follow the guidelines as provided, we have no obligation to reimburse you, or we may reimburse you our cost, which may be less than retail.
- 5) A Trade Call Fee is due for each Service Request by trade and will be deducted from any reimbursement provided.
- 6) You are expected to pay the Independent Out-of-Network Contractor directly for the services rendered and then submit the invoice to us for reimbursement. We accept invoices at easyas123@orhp.com.

Respectful and Safe Conduct: ORHP is committed to maintaining a safe and respectful environment for its employees, Service providers, and customers. You are responsible for providing a safe and respectful environment for services to be performed. Any abusive, threatening, or unsafe behavior toward ORHP employees or representatives, Service Providers, or property of ORHP or the Service Provider may result in additional remedies in accordance with the terms of this Plan Contract and as permitted by law.

We reserve the right to **Payment in Lieu** of repair or replacement in the amount of our actual cost for the following reasons:

- 1) Age or obsolescence of a covered system or appliance prevents the possibility of repair or replacement; or
- 2) Emergency,
- 3) Repair or replacement cost exceeds the available Coverage Limit Per Plan Term, or
- 4) A breach of the "Respectful and Safe Conduct" section of this Plan Contract.

Universal Exclusions and Limits of Liability

It is important that you understand the Plan coverage and its limitations, as they may affect the coverage provided for any service requested. This Plan Contract is intended to provide quality protection against the high cost of home repair. It is intended to help reduce the Plan Holder's out-of-pocket costs for covered services. Coverage is not all-inclusive; there may be situations in which you will be responsible to pay additional costs for parts or services not covered by the Plan. In those situations, we will work with you to determine the best course of action to reasonably minimize your out-of-pocket costs.
