Worldwide ERC® Relocation Property Assessment

IMPORTANT INFORMATION: Please Read Carefully

This document is a Property Assessment. It is not a buyer's home inspection.

This document should not be used in place of nor be mistaken for a general home inspection or specialty type inspection performed by a licensed or trades professional (e.g., professional home inspector, engineer, pest control operator, electrician, plumber, roofer or HVAC specialist, pool/spa specialist, etc.). This Property Assessment was prepared exclusively and for the sole use of the Client identified below (the "Client") under an established business-to-business relationship for the specific purposes of assisting with the relocation of an employee. It is not intended for use, nor is it to be relied upon, by any party other than the Client, including, but not limited to, buyers, sellers, lenders, real estate brokers/agents, and/or appraisers.

The Client may be required to provide this Property Assessment to other parties in order to comply with disclosure obligations under applicable federal, state and/or local law(s); however, no disclosure of this Property Assessment to other parties, including prospective buyers, shall be deemed to create or give rise to a duty of care or performance on the part of the Property Assessment Provider identified below or the Client toward such other parties. Accordingly, no party other than the Client may rely upon or be influenced by this Property Assessment when considering the property. The Property Assessment Provider prepared this Property Assessment in accordance with Client directives and based it on findings gathered at the property address identified below and other property information sources.

RELOCATION PROPERTY ASSESSMENT
THIS DOCUMENT IS NOT INTENDED FOR USE NOR IS IT TO BE RELIED UPON BY ANY
PARTY OTHER THAN THE CLIENT
© 2008, Worldwide ERC®

Buyer's Initials: _____ / _____

2. PURPOSE AND SCOPE OF THE RELOCATION PROPERTY ASSESSMENT

To provide a professional opinion of a relocating employee's main dwelling and its immediate surrounding area in its "as is" condition, as of the date of assessment, limited to the definitions and guidelines as established by the Client and within this Property Assessment document.

3. OBJECTIVE OF THE RELOCATION PROPERTY ASSESSMENT

To provide the Client with data about a relocating employee's main dwelling and its immediate surrounding area, based on a visual assessment of items identified by category in this Property Assessment document.

4. DEFINITION OF THE RELOCATION PROPERTY ASSESSMENT

A visual, non-invasive evaluation and status of the items identified by category on the ensuing pages. The reporting of apparent defects (not cosmetic deficiencies) that call for corrective action is limited to three categories: 1) structure; 2) unsafe or hazardous conditions; and 3) inoperative systems or appliances.

1. Structure: A load-bearing member of a building (including, but not limited to, footings, foundation walls, posts, beams, floor joists, bearing walls, or roof framings) is to be reported as defective if it has one or more of these characteristics:

- Abnormal cracking or splitting;
- Unusual settlement;
- Deterioration such as rot or pest infestation damage;
- Improper alignment or structural integrity compromised by modification or abuse; or
- Other characteristics that affect the building's structural integrity.

2. Unsafe or Hazardous Conditions: Any item that is identified as a safety defect or a hazard, the presence or absence of which would be dangerous. Unless directed by the Client, the reporting of the possible presence of lead based paint, asbestos, ureaformaldehyde foam insulation, radon, electromagnetic radiation, toxic wastes, molds or fungus, and other environmental or indoor air pollutants are outside the scope of this Property Assessment.

3. Inoperative Systems and Appliances: Any installed systems or built-in appliances that do not operate properly or perform their intended function in response to normal use.

Unless directed by the Client, the following areas are outside the scope of this assessment: (i) cosmetic deficiencies; (ii) deferred maintenance items; (iii) the condition of on-site waste and water systems; (iv) the condition of underground fuel storage tanks; (v) the quality of the water supply; (vi) geological hazards such as floods, erosion, earthquakes, landslides, mudslides and volcanoes; and (vii) governmental or lender requirements. Furthermore, this Property Assessment is not a representation of compliance or noncompliance with federal, state, or local government regulations and codes (e.g., building codes, zoning ordinances, energy efficiency ratings, addition or remodeling permits, etc.).

Estimated costs to correct items identified in this Property Assessment as defective and/or items that may require attention are not bids and do not give rise to performance obligations on the part of the Property Assessment Provider. The Property Assessment Provider is not engaged in the business of providing repair; renovation or improvement services; as such, the Property Assessment Provider has not and cannot determine the actual cost of any repairs, renovations or improvements that may be advised or desired. The cost estimates reflect national, state and/or local cost averages as derived from the review of cost estimator manuals and other information sources by the Property Assessment Provider; all cost estimates should be followed by firm quotes or bids from qualified, reputable contractors.

5. STATUS DEFINITIONS

For each category, when applicable, rate the status of each item by checking the box as follows:

Acceptable: The item is performing its intended function as of the date of the assessment.

Not Present: The item does not exist in the structure being assessed.

Not Assessed: The item was not assessed because of inaccessibility or seasonal impediments.

Defective: The item is either: structurally unsound; unsafe or hazardous; or inoperative, as defined in Section 4 above.

**Please include comments in the corresponding "Remarks" column
for those items rated as Defective or Not Assessed.**
