

The Oaks at Olde Wake Towing Policy

Adopted 5.2022

The parking lot of the community is considered private property and the HOA has the right to tow any vehicle that does not meet the guidelines below. As homeowners, you are also responsible for your guests.

1. Residents should have a parking pass hanging on their front rear view mirror. If you do not have one, please contact Sentry Management.
2. Residents should only park one vehicle in front of the building that they reside in. Secondary cars should be parked on 2nd row overflow areas.
3. Guests should utilize the marked visitor spaces.
4. No expired tags, wreck or vehicles with flat tires will be allowed to remain within the community.
5. To park in a handicap space, you must have the proper license plate or placard visible.
6. Loud muffler vehicles should not park near a building.
7. Make sure when parking, you are within the parking space lines and not encroaching into another space.
8. Please use caution and travel at a safe speed within the community.

The Oaks at Olde Wake HOA thanks you for your anticipated cooperation in these rules. Failure to abide by the rules will result in your vehicle being towed by Ace Towing. The HOA will not be responsible for any damage your vehicle may get in the towing process or refund any towing costs.
