

SUBJECT: Water/Sewer Availability and Capacity Assurance Letter
LOCATION: 5009 Holly Brook Dr
PIN: 0750-83-2878

The above-referenced property is within the Cary Utility Services area and the site can be served by Cary utilities. The property is in the Central Pressure Zone and water service is provided by the Cary/Apex Water Treatment Facility (CAWTF). The property is within the Hollybrook Pump Station sewer basin that directs flow to the South Cary Water Reclamation Facility (SCWRF). Cary has significant utility plant capacity available on a first-come, first-serve basis with current available capacity of 14.22 MGD at the CAWTF and 6.71 MGD at the SCWRF.

- Water – There is a 8-inch DIP water main to the north of the property on Holly Brook Dr
- Sewer – There is a 8-inch PVC sewer main to the north of the property on Holly Brook Dr

This data is provided for information purposes only, represents the best of our knowledge, and makes no reservation of capacity until the required approvals, building permits, and fee payments have been secured for the development. The sketch on this page shows the site for which this information is requested, highlighted in yellow, along with the existing water and sanitary sewer infrastructure based on current Cary GIS.
