**SERVICE CALL**

| Product/Service | Description                                                                                                                                                                                                                                                                                                                                                                                                                                                                      | Qty. | Unit Price | Total    |
|-----------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------|------------|----------|
| 07/08/2026      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  |      |            |          |
| SERVICE CALL    | Tested cooling cycle and verified proper start up and operation. Inspected ac drain trap which had algae build up and cleaned. Tested cooling performance which was within operating range(52° Supply/72° Return). checked refrigerant pressures and temperatures which are within operating range at this time. Tested dual run capacitor which is within operating range and looks to have been replaced recently. Tested volts/amps. System is cooling properly at this time. | 1    | \$115.00   | \$115.00 |

**WARRANTY & SERVICE TERMS**

Newly installed parts are covered by a one (1) year warranty against manufacturer defects or failure, excluding labor unless otherwise stated in writing. Labor performed by First RespondAir HVAC is covered by a thirty (30) day workmanship warranty from the date of completed service.

Warranty coverage applies only to the specific parts and services listed on the associated invoice or proposal and does not include failures caused by misuse, neglect, lack of maintenance, power surges, water damage, unauthorized modifications, or conditions outside of First RespondAir HVAC's control.

All warranty-related services, diagnostics, and standard service calls are performed during normal business hours, Monday through Friday, 9:00 AM-5:00 PM, unless otherwise arranged.

|                        |                 |
|------------------------|-----------------|
| Subtotal               | \$115.00        |
| WAKE COUNTY<br>(7.25%) | \$8.34          |
| <b>Total</b>           | <b>\$123.34</b> |
| Paid                   | - \$123.34      |
| <b>Invoice balance</b> | <b>\$0.00</b>   |
| Account balance        | \$0.00          |

### Notes Continued...

Customer is responsible for providing safe and accessible access to all equipment at the time of service. First RespondAir HVAC reserves the right to refuse or discontinue work in unsafe conditions, including but not limited to hazardous environments, aggressive animals, illegal equipment modifications, or conditions that may pose a safety risk to technicians or occupants.

Payment is due upon completion of service unless otherwise agreed to in writing. Warranty coverage becomes effective only after full payment has been received. For transactions exceeding \$1,000, a 3% credit card processing fee may be added to the invoice or proposal.

Failure to remit payment may result in suspension of warranty coverage, refusal of future service, cancellation of scheduled work, and/or the account being submitted to collections. Customer agrees to be responsible for any reasonable collection costs incurred, including administrative fees, court costs, and attorney's fees where permitted by law.

First RespondAir HVAC is not responsible for pre-existing equipment conditions, manufacturer delays, cosmetic damage to aging equipment, or system failures unrelated to the specific repair or installation performed.
