

Residential Property And Owners' Association Disclosure Statement

Protecting the Public Interest in Real Estate Brokerage Transactions

Property Address/Description: 309 Haywood St, Raleigh, NC, 27601

Owner's Name(s): Opendoor Property Trust I

North Carolina law N.C.G.S. 47E requires residential property owners to complete this Disclosure Statement and provide it to the buyer prior to any offer to purchase. There are limited exemptions for completing the form, such as new home construction that has never been occupied. Owners are advised to seek legal advice if they believe they are entitled to one of the limited exemptions contained in N.C.G.S. 47E-2.

An owner is required to provide a response to every question by selecting Yes (Y), No (N), No Representation (NR), or Not Applicable (NA). An owner is not required to disclose any of the material facts that have a NR option, even if they have knowledge of them. However, failure to disclose latent (hidden) defects may result in civil liability. The disclosures made in this Disclosure Statement are those of the owner(s), not the owner's broker.

- If an owner selects Y or N, the owner is only obligated to disclose information about which they have actual knowledge. If an owner selects Y in response to any question about a problem, the owner must provide a written explanation or attach a report from an attorney, engineer, contractor, pest control operator, or other expert or public agency describing it.
- If an owner selects N, the owner has no actual knowledge of the topic of the question, including any problem. If the owner selects N and the owner knows there is a problem or that the owner's answer is not correct, the owner may be liable for making an intentional misstatement.
- If an owner selects NR, it could mean that the owner (1) has knowledge of an issue and chooses not to disclose it; or (2) simply does not know.
- If an owner selects NA, it means the property does not contain a particular item or feature.

For purposes of completing this Disclosure Statement: **"Dwelling"** means any structure intended for human habitation, **"Property"** means any structure intended for human habitation and the tract of land, and **"Not Applicable"** means the item does not apply to the property or exist on the property.

OWNERS: The owner must give a completed and signed Disclosure Statement to the buyer no later than the time the buyer makes an offer to purchase property. If the owner does not, the buyer can, under certain conditions, cancel any resulting contract. An owner is responsible for completing and delivering the Disclosure Statement to the buyer even if the owner is represented in the sale of the property by a licensed real estate broker and the broker must disclose any material facts about the property that the broker knows or reasonably should know, regardless of the owner's response.

The owner should keep a copy signed by the buyer for their records. If something happens to make the Disclosure Statement incorrect or inaccurate (for example, the roof begins to leak), the owner must promptly give the buyer an updated Disclosure Statement or correct the problem. Note that some issues, even if repaired, such as structural issues and fire damage, remain material facts and must be disclosed

by a broker even after repairs are made.

BUYERS: The owner's responses contained in this Disclosure Statement are not a warranty and should not be a substitute for conducting a careful and independent evaluation of the property. **Buyers are strongly encouraged to:**

- Carefully review the entire Disclosure Statement.
- Obtain their own inspections from a licensed home inspector and/or other professional.

DO NOT assume that an answer of N or NR is a guarantee of no defect. If an owner selects N, that means the owner has no actual knowledge of any defects. It does not mean that a defect does not exist. If an owner selects NR, it could mean the owner (1) has knowledge of an issue and chooses not to disclose it, or (2) simply does not know.

BROKERS: A licensed real estate broker shall furnish their seller-client with a Disclosure Statement for the seller to complete in connection with the transaction. A broker shall obtain a completed copy of the Disclosure Statement and provide it to their buyer-client to review and sign. All brokers shall (1) review the completed Disclosure Statement to ensure the seller responded to all questions, (2) take reasonable steps to disclose material facts about the property that the broker knows or reasonably should know regardless of the owner's responses or representations, and (3) explain to the buyer that this Disclosure Statement does not replace an inspection and encourage the buyer to protect their interests by having the property fully examined to the buyer's satisfaction.

- **Brokers are NOT permitted to complete this Disclosure Statement on behalf of their seller-clients.**
- Brokers who own the property may select NR in this Disclosure Statement but are obligated to disclose material facts they know or reasonably should know about the property.

2

Yes No NR

B4. What is the dwelling's cooling source? (Check all that apply; indicate the year of each system manufacture)

☒ Central Forced Air: Split system Year: 2018 ☐ Wall/Windows Unit(s): _____ Year: 2018
☐ Other: _____ Year: _____

B5. What is the dwelling's fuel source? (Check all that apply)

☒ Electricity ☒ Natural Gas ☐ Solar ☐ Propane ☐ Oil ☐ Other: _____

Explanations for questions in Section B (identify the specific question for each explanation):

SECTION C. PLUMBING/WATER SUPPLY/SEWER/SEPTIC

Yes No NR

C1. What is the dwelling's water supply source? (Check all that apply)

☒ City/County ☐ Shared well ☐ Community System ☐ Private well ☐ Other: _____

If the dwelling's water supply source is supplied by a private well, identify whether the private well has been tested for: (Check all that apply).

☐ Quality ☐ Pressure ☐ Quantity

If the dwelling's water source is supplied by a private well, what was the date of the last water quality/quantity test? _____

C2. The dwelling's water pipes are made of what type of material? (Check all that apply)

☐ Copper ☐ Galvanized ☒ Plastic ☐ Polybutylene ☐ Other: _____

C3. What is the dwelling's water heater fuel source? (Check all that apply; indicate the year of each system manufacture) ☐ Gas: _____ ☒ Electric: _____ ☐ Solar: _____ ☐ Other: _____

C4. What is the dwelling's sewage disposal system? (Check all that apply)

☐ Septic tank with pump ☐ community system ☐ Septic tank ☐ Drip system
☒ Connected to City/County System ☐ City/County system available ☐ Other: _____

☐ Straight pipe (wastewater does not go into a septic or other sewer system) *Note: Use of this type of system violates State Law.

If the dwelling is serviced by a septic system, how many bedrooms are allowed by the septic system permit? _____ ☐ No Records Available

Date the septic system was last pumped: _____

C5. Is there a problem, malfunction, or defect with the dwelling's:

	NA	Yes	No	NR
Septic system	☐	☐	☒	☐
Sewer system	☐	☐	☒	☐

	NA	Yes	No	NR
Plumbing system (pipes, fixtures, water heater, etc.)	☐	☒	☐	☐
Water supply (water quality, quantity, or pressure)	☐	☐	☒	☐

Explanations for questions in Section C (identify the specific question for each explanation):

Per work order, the upstairs toilet flush valve and internal components were replaced. Per work order, a bidet was removed and water supply lines were capped. Per work order, the toilet flush mechanism in the hall bathroom was replaced. Seller has never occupied this property. Seller encourages Buyer to have their own inspections performed and verify all information relating to this property where applicable as noted.

Buyer Initials _____ Owner Initials BB
Buyer Initials _____ Owner Initials _____

	Yes	No	NR
F2. Is there an environmental monitoring or mitigation device or system located on the property?	☒	☐	☐
F3. Is there debris (whether buried or covered), an underground storage tank, or an environmentally hazardous condition (such as contaminated soil or water or other environmental contamination) located on or which otherwise affect the property?	☐	☒	☐
F4. Is there any noise, odor, smoke, etc., from commercial, industrial, or military sources that affects the property?	☐	☒	☐
F5. Is the property located in a federal or other designated flood hazard zone?	☐	☒	☐
F6. Has the property experienced damage due to flooding, water seepage, or pooled water attributable to a natural event such as heavy rainfall, coastal storm surge, tidal inundation, or river overflow?	☐	☒	☐
F7. Have you ever filed a claim for flood damage to the property with any insurance provider, including the National Flood Insurance Program?	☐	☒	☐
F8. Is there a current flood insurance policy covering the property?	☐	☒	☐
F9. Have you received assistance from FEMA, U.S. Small Business Administration, or any other federal disaster flood assistance for flood damage to the property?	☐	☒	☐
F10. Is there a flood or FEMA elevation certificate for the property?	☐	☐	☒

NOTE: An existing flood insurance policy may be assignable to a buyer at a lesser premium than a new policy. For properties that have received disaster assistance, the requirement to obtain flood insurance passes down to all future owners. Failure to obtain flood insurance can result in an owner being ineligible for future assistance.

Explanations for questions in Section F (identify the specific question for each explanation):

F2.) Monitoring system present in home. Please see DEQ document attached.

SECTION G. MISCELLANEOUS

	Yes	No	NR
G1. Is the property subject to any lawsuits, foreclosures, bankruptcy, judgments, tax liens, proposed assessments, mechanics' liens, materialmens' liens, or notices from any governmental agency that could affect title to the property?	☐	☐	☒
G2. Is the property subject to a lease or rental agreement?	☐	☒	☐
G3. Is the property subject to covenants, conditions, or restrictions or to governing documents separate from an owners' association that impose various mandatory covenants, conditions, and or restrictions upon the lot or unit?	☐	☒	☐

SECTION H.
OWNERS' ASSOCIATION DISCLOSURE

If you answer 'Yes' to question H1, you must complete the remaining questions in Section H. If you answered 'No' or 'No Representation' to question H1, you do not need to answer the remaining questions in Section H.

	Yes	No	NR
H1. Is the property subject to regulation by one or more owners' association(s) including, but not limited to, obligations to pay regular assessments or dues and special assessments? If "yes," please provide the information requested below as to each owners' association to which the property is subject [insert N/A into any blank that does not apply]: a. (specify name) <u>No HOA</u> whose regular assessments ("dues") are \$ <u>NR</u> per _____. The name, address, telephone number, and website of the president of the owners' association or the association manager are: _____ b. (specify name) _____ whose regular assessments ("dues") are \$ _____ per _____. The name, address, telephone number, and website of the president of the owners' association or the association manager are: <u>No HOA</u> c. Are there any changes to dues, fees, or special assessment which have been duly approved and to which the lot is subject? If "yes," state the nature and amount of the dues, fees, or special assessments to which the property is subject: _____	☐	☒	☐

H2. Is there any fee charged by the association or by the association's management company in connection with the conveyance or transfer of the lot or property to a new owner? If "yes," state the amount of the fees: <u>NR</u>	☐	☒	☐
--	--------------------------	-------------------------------------	--------------------------

H3. Is there any unsatisfied judgment against, pending lawsuit, or existing or alleged violation of the association's governing documents involving the property? If "yes," state the nature of each pending lawsuit, unsatisfied judgment, or existing or alleged violation: _____	☐	☒	☐
--	--------------------------	-------------------------------------	--------------------------

H4. Is there any unsatisfied judgment or pending lawsuits against the association? If "yes," state the nature of each unsatisfied judgment or pending lawsuit: _____	☐	☒	☐
---	--------------------------	-------------------------------------	--------------------------

Explanations for questions in Section H (identify the specific question for each explanation):

Owner(s) acknowledge(s) having reviewed this Disclosure Statement before signing and that all information is true and correct to the best of their knowledge as of the date signed.

Subj: Indoor Air and Crawlspace Air Sampling Results of
309 Haywood Street, Raleigh, Wake County, NC
Associated with DSCA Environmental Site Investigation of Holden Cleaners
DSCA Site ID DC920045

Between February 17 and 24, 2025, a contractor hired by the North Carolina Division of Waste Management (DWM) sampled the indoor air and crawlspace air at the residence located at 309 Haywood Street. This testing was performed to evaluate if the air contains contaminants from a dry-cleaning solvent release being investigated by DWM at the DSCA site referenced above. The attached memo provides a summary of the lab results from the indoor air and crawlspace air sampling and an evaluation of the results based on potential health risks posed by the contaminants.

The evaluation indicates that the indoor air and crawlspace air concentrations for the dry-cleaning solvent tetrachloroethylene (also called "perc") and one or more of its breakdown products are acceptable with the currently implemented vapor intrusion mitigation measures. Based upon the attached evaluation of the sampling results, the DWM will be conducting the following activities: Additional monitoring to confirm that acceptable levels are maintained.

If you are interested in additional information about the possible health effects of the contaminants detected in the air, you may refer to the following web resources: Agency for Toxic Substances and Disease Registry (www.atsdr.cdc.gov), National Institute of Occupational Safety & Health (www.cdc.gov/niosh/), or US Environmental Protection Agency (www.epa.gov). If you have any other questions about potential health risks or exposure concerns from these contaminants, please contact the NC Department of Health and Human Services, Division of Public Health, Health Assessment, Consultation and Education Program at (919) 707-5900 for additional information.

If you have any questions about DWM's ongoing environmental work at this site, please contact me via email at jay.king@deq.nc.gov or (919) 707-8367.

Sincerely,

A handwritten signature in black ink, appearing to read "Jay W. King".

MEMORANDUM

Date: March 28, 2025

From: Jay W. King / DSCA Project Manager

Subj: Indoor Air and Crawlspace Air Sampling Results of
309 Haywood Street, Raleigh, Wake County, NC
Associated with DSCA Environmental Site Investigation of Holden Cleaners
DSCA Site ID DC920045

The indoor air and crawlspace air samples collected from the residence referenced above between February 17 and 24, 2025 indicated the following:

Contaminant	Amount Detected CS-309 Haywood* ($\mu\text{g}/\text{m}^3$)	Amount Detected IA-309 Haywood* ($\mu\text{g}/\text{m}^3$)	Amount Detected IA-309 Haywood+ ($\mu\text{g}/\text{m}^3$)
Tetrachloroethylene (PCE)	29.0	10.1	12
Trichloroethylene (TCE)	0.156	0.070 J	0.065 J
cis-1,2-Dichloroethylene	<0.079	<0.079	0.064 J, C
trans-1,2-Dichloroethylene	0.083	0.075 J	0.028 J, C

$\mu\text{g}/\text{m}^3$ = micrograms of contaminant per cubic meter of air

* = 24-hour Summa® canister sample

+ = 7-day Radiello® passive diffusion sample

J = estimated concentration between laboratory reporting limit and method detection limit

C = estimated concentration due to estimated flow rate

An evaluation of the indoor air and crawlspace air contaminants was conducted and based on the results, the DWM concludes that:

- ☐ Indoor air and crawlspace air levels are acceptable. No further sampling is planned at this time. If site conditions change, another sampling event may be conducted.
- ☐ Indoor air and crawlspace air levels are acceptable. Additional sampling may be conducted to ensure that acceptable levels are maintained.
- ☒ Indoor air and crawlspace air levels are acceptable with currently implemented vapor intrusion mitigation measures. Additional monitoring is planned to confirm that acceptable levels are maintained.
- ☐ Indoor air and crawlspace air levels are not acceptable. Additional monitoring is planned to further evaluate contaminant levels.
- ☐ Indoor air and crawlspace air levels are not acceptable. Actions are planned to reduce the levels of contaminants to acceptable concentrations.
- ☐ Indoor air and crawlspace air concentrations are not associated with the contamination site. As such, no further sampling will be performed by the DSCA Program at this time. If site conditions change, another sampling event may be conducted.
