

# BELLA VISTA

## Fence Guidelines

The approved fence in Bella Vista is a 5' black aluminum or iron with a flat top. See three examples below.

For greater privacy, plant material can create an attractive and effective opaque screen. See some popular screening plants below.

*Green Giant Arborvitae*

*Emerald Green Arborvitae*

*Leyland Cypress*

*Nellie Stevens Holly*

Fence style, height, location and plant material must be submitted to and approved by the ARB before installation.
