

221 STILLWOOD DRIVE, WAKE FOREST

PROPERTY UPDATES

- **Updated Kitchen and Bathrooms**– The kitchen as well as the two bathrooms on the main level were updated and have tile flooring.
- **Well Pump** – Well pump was replaced 20 years ago with a top of the line, stainless steel pump. The pressure tank was replaced 3-4 years ago with a larger model and more storage. It reduces the number of times the pump comes on and off (Reducing wear on the pump).
- **Detached 2-Car Garage** –Built with a “lean to” and providing extra storage and covered parking space. The 4-post lift will convey with the property.
