

Note: Permanent Open Space is reserved for conservation and protection of any identified significant natural areas (e.g., rare plant communities, important wildlife habitat) or other environmentally sensitive areas where development, growth, threaten water quality or ecosystems (e.g., wetlands, buffers, groundwater recharge areas).

Provision of active and/or passive outdoor recreation opportunities (e.g., ballfields, playgrounds, tennis courts, swimming pools, basketball courts, golf courses, bikeways, walking trails, nature trails, and picnic areas), either for the general public or for the subdivision's residents or employees and their guest (Note: This does not preclude a membership fee for access to the facility).

Club membership or tennis club, as long as subdivision's residents or employees have an opportunity to join the club or pay to use club facilities.
