No lot shall be used except for residential purposes, except that nothing herein shall preclude the use of any lot as the well site or storage facilities for a community water system, a community sewage system or for use in providing a recreational area for the individual lot owners as a group. No building shall be erected, altered, placed or permitted to remain on any lot other than one detached single-family dwelling not to exceed two and one-half stories in height and a private garage for not more than three cars and (with the approval of the Architectural Committee) an accessory building or structure for storage or other appropriate residential uses, not in excess for 250 square feet in area, which shall be at least 95 feet from the front property lines, or, if the lot abuts two streets, then at least 35 feet from the right-of-way line of each street.

The easement area of each lot and all improvements in it shall be maintained continuously by the owner of the lot, except for those improvements for which a public authority or utility company is responsible.

Carports opening to the front of the house are prohibited.

ARTICLE XII

APPEARANCE. Each owner shall keep his building site free of tall grass, undergrowth, dead trees, trash and rubbish and properly maintained so as to present a pleasing appearance. In the event an owner does not properly maintain his building site as above provided, in the opinion of the Architectural Committee, then Declarant may have the required work done and the costs thus incurred shall be paid by the owner. ARTICLE XVIII

ENFORCEMENT. Enforcement shall be by proceedings at law or in equity against any person or persons violating or attempting to violate any covenant either to restrain violation or to recover damages.

ARTICLE XIX
