

The Seller Scoop

3316 Lacewing Dr, Zebulon, NC 27597

View | Having trees lining the backyard has been great and helps the home feel more private! The way the house is situated makes the back patio shaded in the afternoon, and shaded mornings on the front porch. The sunsets and sunrises have always been really beautiful too!

Room | Having such a nice open floor plan downstairs makes the kitchen/living/dining room a wonderful place to spend time with family and host!

Walk | Taking walks in this neighborhood has always been one of my favorite parts of living here! I will greatly miss strolling around both ponds (sitting on the swinging benches by the big pond for a snack), the shaded greenway trails, and taking my little ones to the many playgrounds around.

Breakfast | Not as much for a full breakfast, but going to The Creative Cup for coffee in downtown Zebulon has been fun!

Lunch | McLeans Ole Time Cafe is a fun place to take the friends and visitors!

Dinner | Southland Steakhouse or Norse Brewing have been good local places when we don't feel like traveling too far!

Pub/Winery | Olde Raleigh Distillery is a cool place to visit if you like whisky, they have live music and are right in the heart of downtown Zebulon.

Living here has been... | This was our first home, where we started our family and made many wonderful memories! The neighbors are AMAZING, and we will surely miss everyone we've met and spent time with here. The house has always had everything we've needed. We have enjoyed so many family moments inside and out of this home, and are truly going to miss it. We hope the next people to live here enjoy it as much as we have!
