GENERAL COMMENTS / INSTRUCTIONS

Dear Jennifer Hedge,

Today I did your regular service. You noted that you were seeing ants in the home, but only wanted the exterior treated. I treated the exterior of your home for ants and other crawling pests. I swept down all the webs that I could see and reach. I changed the bait in your bait station and the crawlspace moisture level was 11% so no concern at this time. Do not allow people or pets to contact the treated surfaces until our products have dried. If you have any questions or concerns, please contact our office. Thank you for choosing Economy Exterminators!

-Travis
