57	Maintenance Committee	x		Inspects all exterior improvements, ensures irrigation system is operating properly.	
58					
59	REQUEST FORMS				
60	Private property		x	A request form must be submitted to the landscape committee before planting trees or shrubbery.	
61	Exterior Improvements		x	A request form must be submitted to the architectural review committee before adding a fence, deck, awning, patio enhancement or any other physical improvement connected to the building.	
62					
63					
64	INSPECTIONS				
65	Termite	x		Performed annually; homeowners must make their homes available for the inspector.	
66	Fences	x		Performed as needed by HOA, manager or designee.	
67	Irrigation system	x		Usually performed in spring by maintenance committee.	
68	Grounds	x		A HOA designee walks the grounds with landscape company representative to identify problem areas.	
69	Gutters and downspouts	x		Performed by HOA, manager or designee.	
70	Concrete	x		Performed in spring by maintenance committee.	
71					
72	Painting requirements *			Individuals owners are authorized to paint doors and door frames themselves in advance of the maintenance schedule, at their own expense, but must use the color, code and brand specified by HOA.	
73					
74					
75	Architectural Review			On April 1, 2002, the HOA developed its "Architectural, Landscaping and Other Aesthetic Standards and Requirements" document; all requests are approved based on the standards listed in this document.	
76	Committee Standards **				
77					
78	GUIDELINES ***				
79	Power Washing Fences	x		The homeowner is responsible for fence maintenance and repairs; however, the HOA will power wash fences on an as-needed basis, at HOA expense. Fences will be inspected after power washing to determine if they need painting.	
80				Owners of fences that need painting will be required to have them painted within 30 days after receiving notification letters; fences must be painted using the color code and brand specified by the HOA. After 30 days, the HOA will have the fences painted and assess the cost to the homeowner.	
81					
82					
83					
84					
85				Guidelines for White Fence Paint:	
86				Sherwin Williams "Super Paint" is a premium quality white professional grade paint with a 25 year Manufacturer's warranty. This white paint was used on all the white trim work, front and back, when the buildings in the white brick section of Walden Townes were painted (both phases).	
87				It would be nice if everyone used the same paint for absolute color consistency. However, this may not be a homeowner's top choice since there are many retailers advertising many quality brands of exterior paint. We do recommend for

91				your maintenance ease an exterior paint containing a primer as its base, and a manufacturer's warranty of several years.	
92				These are recommendations only. The brand of paint is the homeowner's choice, but must be white and match as closely as possible the exterior white trim on your unit.	
93				The better the paint, the less frequently all of us will need to paint our fences.	
94				The HOA will power wash and seal all unpainted decks.	
95				(The HOA will not power wash painted decks because deck floors that have been painted tend to peel and chip.)	
96				The HOA will power wash all builder-installed concrete patios.

The Towne Crier

Annual homeowners meeting

This chart can be downloaded at this site, along with request forms to submit to ARC and landscape committees.

Quarterly newsletter posted on website and community bulletin board.

Held in early November; business includes election of new officers, review of the upcoming budget (fiscal year begins on Jan. 1), review of past accomplishments as well as long-term goals and challenges.
