Due date: 08/11/2025

Sales Rep: Dan Kelly

#	Product or service	Description	Qty	Rate	Amount
1.	Final Sales Payment	Installation of Three (3) Ram Jack helical piers with 6" x 6" Coastal Timber Brackets installed on Ram Jack provided (3) Treated 6" x 6" x 12' on the rear Addition. We estimate the helical depth of 20 linear feet to stabilize the newly installed helical piers. Site geological conditions determine the completed pier depth. Additional Depth Fee: We charge \$32 per foot in additional depth over the base amount of the job. Ram Jack will provide a Life of the Structure Warranty for the underpinning area which is backed by a National Warranty Trust. Note: Ram Jack will supply the Galvanized Strapping and Carriage bolts with washers and nuts per customers request to meet NC building codes for wind driven uplift. Note: If the outer band is a single band engineering might require a double band to properly notch the new pilings. This could require a change order for the added woodwork. Note: Customer's GC to remove all exterior T1-11 siding along with ceilings panels for Ram Jacks access to remove the current 4x6's and for replacement of the new 6x6's.	1	\$9,035.26	\$9,035.26

2.	Final Sales Payment	Discount per GM	1	-\$903.53	-\$903.53
