

Jessica,
All apologies for the delay. I received your message and meant to follow up last week and it fled.

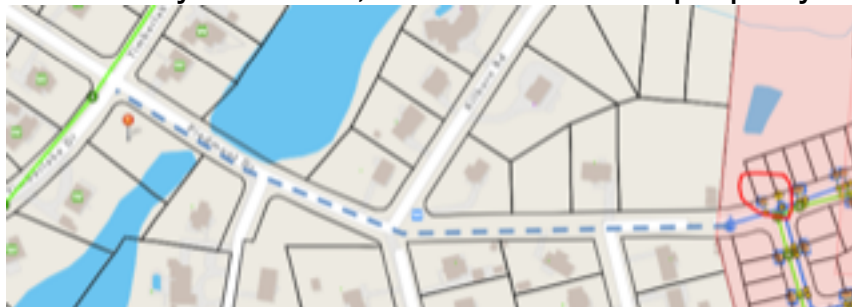

Please see below for the pricing for the water main estimate. This is an approximate number and subject to change:

2130 Timberlake Drive, Water main extension
Subject Property

Proposal for a 2" line for approximately 1,400 linear feet, no hydrants (blue dashed line).

Nearest hydrant is 1,400 feet from the property.

Item	Cost	Total
2" Watermain	\$44/lf	\$61,600.00
15% design and	15% of water main	\$9,240.00

Total		\$70,840.00
--------------	--	--------------------

Water and sewer connection cost estimates, subject to change with each fiscal year:

Utility Connection cost – City installed

Water meter charge – 5/8"	\$275.00
City installed water tap – 3/4"	\$5,386.00
Capital Facility fee – Water	\$1,447.00
City installed sewer tap	\$4,824.00
Capital Facility fee - Sewer	\$2,223.00
Total	\$14,155.00

This does not include the cost for any other permits beside Raleigh Water costs.

Utility Connection cost – Utility Contractor installed

Water meter charge – 5/8"	\$275.00
Capital Facility fee – Water	\$1,447.00
Capital Facility fee - Sewer	\$2,223.00
Stub permit fee (water and sewer)	\$220.00
Total	\$4,165

This does not include the cost for a Licensed Utility Contractor or any other permits beside Raleigh Water costs.

Please let me know if anything additional is needed.

Thank you
