Copper Builders is honored to work with top industry professionals to bring our clients the best loan programs and ensure excellent customer service.

Our desire is to craft a great buying experience. We know you have choices in mortgage lending. We're pleased to offer you a credit towards closing costs when you choose to use one of our preferred lenders.

Please see a Copper Builders Sales Manager for current incentives.

There is no affiliation or association between Copper Builders and any Preferred Lender. Each entity is independent and responsible for its own products, services, and incentives. Home loans are subject to underwriting guidelines which are subject to change without notice and which limit third-party contributions and may not be available on all loan products. Program and loan amount limitations apply. Not all buyers may qualify.

Any lender may be used, but failure to satisfy the Preferred Lender requirements and use a Preferred Lender may forfeit certain offers. Preferred Lender program is subject to change without notice. Status as a preferred lender should be verified at the time of contract.
