Painting Instructions & Recommendation

- **Color Matching: Printing this document and comparing it with a door color will not be effective.** To ensure accuracy, you must go to a Sherwin Williams store and get the corresponding paint chip.
- **Other Vendors:** A different store (e.g., Lowe's, Home Depot, Benjamin Moore) will be able to match the color if you provide them with the **Sherwin Williams name & number and/or paint chip.**
- **Finish Recommendation:** A **semi-gloss or satin finish** is ideal for superior durability and ease of cleaning.
